## Sponsors:

CORE Health Care, located in Dripping Springs, provides post-acute rehabilitation and long term care for individuals with brain injuries and other special needs. [www.corehealth.com](http://www.corehealth.com)

Capitol Wealth Strategies, located in Austin, mission is to be known as the preeminent provider of protection & wealth accumulation products in Texas. [www.capitolwealthstrategies.com](http://www.capitolwealthstrategies.com)

CORE Health Foundation is a nonprofit organization based in Dripping Springs, Texas, whose mission is to advocate for people with disabilities in novel ways through research, creation of public works and awareness projects that hasten the removal of biases in our society. Our 2012 goals include advancing the role of neuroimaging in clinical practice, developing neuroplasticity-based therapies, using these techniques to guide and solidify gains made possible by stem cell implantation for individuals with Traumatic Brain Injuries in addition to building an ADA Wheelchair Accessible Fishing Pier on Lady Bird Lake in Austin.

TSCR, a non profit, all volunteer organization, is based in Austin, Texas. TSCR is committed to raising awareness and educating policy makers and the public on not only the medical benefits of stem cell research but the economic impact to the state as well. Our 2012, "Learn for Life" educational series will feature leading doctors and scientists giving us their latest findings in this cutting edge research.
